

Hero The Band Release Heroshima

Hero The Band has released their new album *Heroshima* in time for the holiday season. The prelude to the album came in the form of their video for “The Thrill.” *Heroshima* is their sophomore project which follows their 2015 debut *Bleach*. Their carefree rock floats on open-air sounding arrangements supported by the full strength of a guitar-oriented band. *Heroshima* is streaming and can be purchased from the usual retail [outlets](#).
