

Binary Star Releasing Double Album Share Video For The Last Supper Nova

Binary Star is releasing an Egyptian-inspired double album *LightYÂ Ears Apart*. The album is based on their original concept of two stars in orbit with each other. The video for “The Last Supper Nova” has One Be Lo hanging out in front of church holding a bible questioning the text. The scenes are interrupted by quick shots of an illustration of J.Dilla Ice Cube’s Lethal Injection album cover. *LightYÂ Ears Apart* will be released in 2018.
