

# PRhyme: Era Featuring Dave East

DJ Premier and Royce Da 5' 9" 's PRhyme 2 has a tentative release date of March 16th but the first single, "Era" featuring Dave East is out now. DJ Premier's '80s-styled beats comfort East's laments about being born at the wrong time for his love of the boom bap. The excitement of "Era" is creating pressure for the duo to release the new album as soon as possible.
