

# Meshell Ndegeocello: Sometimes It Snows In April

[youtube id="pM0JN5IAD50"] Meshell Ndegeocello shares her love for Prince again with a cover of "Sometimes It Snows In April." It is one of theÂ reinterpetations of various Black pop songs from her forthcoming [Ventriloquism](#) album. She has always played his music live and this version of "Sometimes It Snows In April" sounds appropriately mournful almost two years after his passing.
