

Bishop Nehru Shares MF Doom-Produced Rooftops' Video

[youtube id="DhcyENB1TDk"]Bishop Nehru's MF Doom-produced "Rooftops" has a visual. He raps and falls from the top of buildings and heÂ explained the idea in a press release:Â

"Rooftops' symbolizes the fall of the Titans and how they must rise back into their own powers. They must realize that the "gods" have used their own power against them to reclaim their spot.. Like the Titans, we must mentally and more importantly spiritually reclaim our power."

Nehru's *Elevators* album is coming out March 16th and fans in New York City, Toronto and L.A. have a chance to attend one of the listening sessions by going to his [site](#) and submitting their email address.Â
