

Sade: Flower Of The Universe From A Wrinkle In Time Soundtrack

[youtube id="m7b8hitvfoE"] Ava DuVernay had a rare request fulfilled when she asked Sade for a song to go on the *Wrinkle In Time* soundtrack. Sade has not released new music since 2010 but she came out of her creative seclusion for DuVernay's film. "Flower Of The Universe" is acoustic with only a guitar and Sade's vocalized emotion to compliment the story. *A Wrinkle In Time* opens this weekend nationwide.Â
