

# Q-Tip & Demi Lovato: Don't Go Breaking My Heart

Q-Tip and Demi Lovato cover Elton John's "Don't Go Breaking My Heart" for the John tribute album *Revamp*. Q-Tip had already paid tribute to John on A Tribe Called Quest's *We Got It from Here... Thank You 4 Your Service* when they sampled "Bennie and

the Jets" for "Solid Wall Of Sound." *Revamp* is an album of Elton John and Bernie Taupin songs covered by a variety of singers including Mary J. Blige who also had "Bennie and the Jets" used on her song "Deep Inside." *Restoration* is the other tribute album and it has a country music theme. Both collections will be released April 6th days before a Grammy tribute concert to John will air on April 10th.Â
