

Adrian Younger Releases *Voices Of Gemma* (Album Stream)

Adrian Younger's *Voices Of Gemma* album is a deeper study into his fascination with soul music dipped in LSD and mystic jazz funk. Brooke DeRosa and Rebecca Englehart are the voices featured on the album for their expertise in opera and jazz. Younger recorded the album exclusively in his Linear Labs analog studio.

In addition to promoting the release of *Voices Of Gemma*, Adrian Younger will curate a DJ set with Ali Shaheed Muhammad for a Luther Vandross birthday celebration next month. April 20th would've been Vandross's 67th birthday and his estate, ArtDontSleep and Sony Legacy will honor his life with a party in Los Angeles on April 19th. Tickets for the event can be purchased [here](#).
