

Watch: Lauryn Hill Perform Ex-Factor & Drake's Nice For What At The Apollo

Â Lauryn Hill and her band landed at the Apollo Theater in Harlem last night. In this clip of the show, she acknowledges Drake sampling "Ex-Factor" in his song "Nice For What." She makes it clear to the crowd that she is happy with his usage of the sample and she reminds everyone that she is still very much a rapper and a singer. The 20th Anniversary Tour for her Miseducation of Lauryn Hill tour will kick off this summer.Â
