

# Lil' Kim Dances In The Sun In Nasty One Video

[youtube id="ZkP-VdfhzMI"]Lil' Kim takes advantage of the warm weather and makes her "Nasty One" video an outdoor party. She spends half of her time in the sun with dancers and the rest of the visual features her with a boyfriend. Kim explained to [Complex](#) that the luxurious setting and island vibe is related to her visiting underground clubs in New York when she was a teenager. The Brooklyn legend is dropping her fifth album in November.
