

Mick Jenkins Shares Bruce Banner Single

Mick Jenkins shares his "Bruce Banner" single as he gets ready to release his *Pieces Of A Man* album in the fall. The new song is straight bragging to the point that Jenkins promises that Kendrick Lamar is his only worthy nemesis. The Chicago rapper told Zane Lowe on his Beats 1 radio show that the album has some collaborations including an appearance from Corinne Bailey Rae. He also likened himself to The Incredible Hulk who surprises people by emerging from Bruce Banner.Â
