

# Listen: People Museum Share Eye 2 Eye Single

Jeremy Phipps and Clare Givens are the New Orleans pop duo People Museum and their single “Eye 2 Eye” is the first listen from their debut album. They started their collaboration in 2016 over a shared interest in making pop music and the unique experiences that come from living in the south. Phipps’ trombone playing took him on tour with the likes of Solange, AlunaGeorge and Rubblebucket. The reggae-influenced pop song will be on *I Dreamt Of You In Technicolor* coming out September 28th.
