

# Watch: Jeff Mills Talk About The Roland TR-909

[youtube id="peJDDtGH3yY"] Watch Jeff Mills talk about Roland's TR-909 drum machine and how he became acquainted with it. He plays with the machine and gives his insight into the future of electronic music. The tireless techno legend is touring as always and last year the Detroit native received the Ordre des Arts et des Lettres from the French Minister of Culture Jack Lang. The video for the TR-909 is in conjunction with 909 Day (September 9th) and the full interview with Mills can be read over at [Mixmag](#).
