

Watch: Big Boi's Tiny Desk Concert

Big Boi brought Sleepy Brown and his band to perform a three-song set for NPR's Tiny Desk Concerts. He led live versions of Outkast's "So Fresh So Clean," "The Way You Move" and his "All Night" from his solo catalog. Their almost 13-minute performance with the musicians, singer and DJ Cutmaster Swift made the room appear larger. Big Boi is on the road with Christina Aguilera for The Liberation Tour.Â
