

Watch: Andre 3000 In Trailer For *High Life*

[youtube id="5jDVb8AwfG8"]Andre 3000 is part of the cast for Claire Dennis' science fiction drama *High Life*. The rapper and actor is one of the inmates promised freedom if they will go on a mission to a black hole for the purpose of capturing an alternate source of energy. In the process of completing the task, the inmates are victims of sexual experimentation by the scientists onboard the spacecraft. *High Life* debuted at the Toronto International Film Festival in September. The film will have its theatrical release in France November 7th and has a 2019 release date in the United States.
