

# Brooklyn Songtress Cherokee Shares Video For Goddess

[youtube id="CJPAPU195nk"]Brooklyn singer Cherokee emerges from a hiatus with a video for her new single "Goddess." Colorfully clad in ceremonial headdress, tons of bangles and heavy earrings, Cherokee strikes a memorable visual for her celebration of women. Lyrically, she wants women to know that their beauty is internal and physical. "Goddess" is the first song to be released from Cherokee's 2019 EP.Â
