[youtube id="QSVKoZKJ9Y8"]Illa J's *John Yancey* album is coming out next week and today he shares the video for "Enjoy The Ride." Illa J and three women skaters enjoy a sunny afternoon in Los Angeles as he shows off his mic skills while his co-stars rotate their wheels. *John Yancey* follows Illa J's 2017 album *HOME* and both are produced by Calvin Valentine. The previous album was all about his life in Detroit but John Yancey is centered on his time in California, relationships and the grief he still feels over the passing of his brother J.Dilla. Pre-order *John Yancey* before the November 30th date [here](#).
