

Throwback: Jamiroquai-Little L

[youtube id="1hHSH9sJUEo"]Jamiroquai's "Little L" was the first single from their fifth studio album *A Funk Odyssey*. The funk and disco styled song was another win for their catalog of dance-oriented music. Lead singer Jay Kay wrote "Little L" with late keyboardist Toby Smith wrote the song about Kay breaking up with a girlfriend because of his cocaine use. The video features Kay at the club with mirrored balls and pretty woman surrounding him. A song about the end of relationship sounded like a party and had a visual to support the festive vibe. "Little L" was another Jamiroquai song to receive a noteworthy remix for clubs. New Jersey house music veterans Blaze retooled "Little L" and stretched out the groove with handclaps, synthesizer and congas. *A Funk Odyssey* was another platinum album that added to Jamiroquai's status as the third-most successful act in the U.K. during the '90s. They released their eighth album, *Automaton* in 2018 and had their first United States performance in 13 years at Coachella where they were joined onstage by Snoop Dogg.Â
