

# Listen: Noname-\*Song 31

Noname released her *Room 25* debut back in September of 2018. She promised to share something new once the tickets for her sold-out tour finished selling in her Chicago hometown. “\*Song 31” is produced by Phoelix who also worked on *Room 25*. The jazz-injected track with Noname’s words about her daily life activities is a good way to start the year.
