

Lee Fields & The Expressions: It Rains Love Official Video

Lee Fields & The Expressions drop a visual for the title track from the upcoming *It Rains Love* album. Leon Michels produced their fifth album which is coming out April 5th on Big Crown Records. The video features a couple sharing good times together and Fields sings in the background. *It Rains Love* is inspired by domestic happiness and Fields' own four decadesÂ plusÂ marriage. Lee Fields & The Expressions will be on tour soon after the release of the new album.Â
