

Lizzo Is Vulnerable In Video For Cuz I Love You

[youtube id="NqjPqsry7no"]Lizzo drops the video for "Cuz I Love You" on Valentines Day and it is a dramatic toast to love. The black and white clip has moments of glamor and bohemianism as the rapper declares her feelings in front of a group of men. At times she belts out her words like a blues singer in between her rapped lines. "Cuz I Love You" is the title track of Lizzo's new album coming April 19th just days before she starts her [tour](#) with two dates at Coachella.Â
