

Little Simz Drops GREY Area Album

Little Simz returns with *GREY Area* today and the 10-song album has guest appearances from Michael Kiwanuka, Cleo Soul, Little Dragon and Chronixx. The British rapper will headline a tour in June but she's playing both weekends at Coachella before touring the United States. The last show takes place in Toronto at the end of the summer. *GREY Area* follows her sophomore album, *Stillness In Wonderland* from 2016. Her journey has gained co-signs from Lauryn Hill and Nas as she continues to make her presence known in the United States. She spoke to [Billboard](#) about her growth as a young woman and the symbolism behind *GREY Area*.^Â
