

# Steve Lacy Announces Solo Album

Steve Lacy has revealed that his debut solo album is coming out May 24th. So far, the only sound of new music from him has been the song "N Side." The guitarist for The Internet was first heard from as a solo artist in 2017 with *Steve Lacy's Demo*. He gave an interview to [i-D](#) and explained how he crafted the new project in his sister's bedroom after she left for college. The native of Compton did not give any more details about the album other than the inclusion of a 9-minute song.Â
