[youtube id="sVf1iU9UyKk"]Rapsody is on the road to her next album release and "lbtihaj" featuring D'Angelo and Gza is the first sound from her new collection of music. Her longtime collaborator and mentor 9th Wonder produced the song that is built around Gza's "Liquid Swords." The new album is called *Eve* and is expected this year. It was two years ago when Rapsody's two-time Grammy-nominated *Laila's Wisdom* was released.Â Â
