

Mayer Hawthorne: The Great Divide (Audio)

[youtube id="tJ3pACoEu9Q"]Mayer Hawthorne shifts gears back into his solo persona after the recent release of his third Tuxedo album. Hawthorne's introspective R&B replaces the uptempo funk tunes he crafts with Jake One for their Tuxedo band. "The Great Divide" finds Hawthorne singing about critical matters of heart and an unavoidable separation. The new album is called *The Game* and it's coming out soon.
