

Gang Starr Criticize Rap Industry On Bad Name Single

DJ Premier shares another song from the new Gang Starr album called "Bad Name." Guru raps from the beyond about a new breed of rappers who wouldn't exist had Tupac lived. He also blames the media for encouraging drama and praising rap sensationalists instead of true artists. One Of The Best Yet comes out November 1st and Premier also revealed the tracklisting. Q-Tip, J. Cole and Talib Kweli are just a few of the guest appearances.Â
