

Watch: Moonchild Perform Too Much To Ask Live

[youtube id="6Y0TId7IUPw"]Moonchild's *Little Ghost* album came out last year making it their third full-length studio release. Their recordings only tell half the story because to truly appreciate them is to see them live. Here they are performing "Too Much To Ask" at Blue Dream Studios in Los Angeles. The trio will head off to Sweden at the end of January to start their European tour in support of *Little Ghost*.Â
