

Noah Slee Is Here For It All

Noah Slee releases his new single “Here For It All” featuring Mike Nasa. He was inspired to write the song after consoling a friend who experienced a loss. The plan was to release the song before the outbreak of the pandemic but he thinks now is an even better time because of everyone’s need for support. “Here for It All” is coming after his 2019 EP *TWICE*. The Berlin-based artist via his Kingdom of Tonga roots, has been sharing his falsetto with the world since his 2017 *Otherland* debut album.
