Kaytranada's *BUBBA* Instrumentals was released today not long after his single "Look Easy" with Lucky Daye. The vocal-free version of the album is on all the streaming platforms and there are visualizers to go with each song. The Canadian producer's sophomore project came out in 2019. Pharrell, Masego, Mick Jenkins, Estelle, VanJess, Kali Uchis and Tinashe are some of the guests who appear on the original version of *BUBBA*. The Canadian producer has plans to return to touring next year like so many artists who have had to stay home because of the pandemic.
