

The Isley Brothers Debut Video For Friends And Family Feat. Ron Isley & Snoop Dogg

The Isley Brothers are starting the Spring season with a new song just after an epic appearance Easter Sunday during their Verzuz battle with Earth, Wind & Fire. "Family And Friends" features Ron Isley and Snoop Dogg and the video has a bunch of cameos from Lisa Raye McCoy, Sherri Shepherd, Kym Whitley and Slyeena Johnson. The R&B legends have been creating summer vibes for six decades and now they have a current anthem for 2021. Ron Isley had several online admirers commenting on his new bearded look during the four-hour mini-concert for Verzuz. There is no official announcement for a new album but he was photographed in the studio with Marsha Ambrosius and Dr. Dre.Â
