*Honey, this is nothing ðŹ~t you should see a reporter asking Prince Rogers Nelson if elvis was a inspiration to him... lol... and Prince's response ðŹ'† [pic.twitter.com/fBwJmV0x0F](https://pic.twitter.com/fBwJmV0x0F)*

Is Chicago City Councilman Carlos Ramirez-Rosa right that Chicago should have two 24 hour house music clubs to reflect the genre's origins in the city?

*House music was born in Chicago. I've met many tourists who are shocked to learn Chicago has no late-night House music clubs. We should consider allowing two 24-hour nightclubs (one downtown/northside, one southside) to tap into the international market for Chicago House music.*
