

Kanye West & Jay-Z Reunite For Heaven & Hell

Kanye West had a party for his *DONDA* album in Atlanta Thursday night. Pusha T, Lil Baby, Travis Scott and more have appearances on the album. The most surprising collaboration is his reunion with Jay-Z on “Heaven and Hell.” The two have not been on the same song since Drake’s “Pop Style” from 2016. Lyrically it sounds like a conversation about spirituality and church.Â *DONDA* will be officially released in August.Â
