

Listen: Thom Yorke's Remix Of MF D00M's Gazzillion Ear

Thom Yorke remixes MF D00M's "Gazzillion Ear" for a second time via Lex Records' 20th anniversary remix series. The Man On Fire remix puts D00M's lyrics over what sounds like computerized water drips and an upright bass. Yorke's first time remixing this song from D00M's *Born Like This* was in [2009](#) as an iTunes bonus track for the rapper's last studio album. MF D00M released four projects with Lex Records and "Gazzillion Ear" was one of the rare moments that J. Dilla and Doom worked together.Â
