Madonna celebrates her 50 club hits with two new collections: *Finally Enough Love: 50 Number Ones*. She curated the collection which is the first project to be released from her new partnership with Warner Music Group. Familiar songs like "Material Girl" as well as more than 20 rare remixes will be officially released for the first time. *50 Number Ones* comes out on August 19th digitally along with three CD and six LP versions available from Madonna's official store. The 16-track *Finally Enough Love* will stream on June 24th and the CD and vinyl versions will be available on August 19th. There are remixes from legendary DJs Shep Pettibone, Honey Dijon and Avicii. It was 35 years ago when *You Can Dance* was released which was Madonna's first remix album. The new dance compilations build upon YCD and Madonna took "Into The Groove," "Everybody" and "Physical Attraction" from YCD and added them to the current tracklisting. The "Into The Groove" (Dance Remix Edit)" just debuted and it is included in the new collection. *Finally Enough Love: 50* can be [pre-ordered](#) and check out the full tracklisting below.
