

The Isley Brothers-The Plug Feat. 2Chainz Official Video

The Isley Brothers just released *Make Me Say It Again, Girl* and now there is the video for “The Plug” featuring 2Chainz. The title is the name of the original single they recorded in 1975 and Ron Isley recorded a new version of the song with Beyoncé. The album also has guest appearances from El DeBarge, Rick Ross, Quavo, Snoop Dogg, Earth, Wind & Fire, Takeoff and Trey Songz. The new music follows their 2017 *Power Of Peace* project with Carlos Santana.
