

# Byron The Aquarius Teases New EP With Tonight

Byron The Aquarius announces a new EP with the single “Tonight.” The house music producer sets a late-night mood with a cacophony of drums and reverbed vocals. “Tonight” follows his recently released *Black Man Of The Echo Tree* EP. His forthcoming four-track EP will be his first for Cascade Records. Next month he is appearing at Movement in Detroit. Sit back and listen to “Tonight” and feel the giddiness of the simmering repetitious rhythms.
