Watch Lucky Daye's official video for "That's You." The singer returns after releasing the deluxe version of *Candydrip* and being featured on Victoria Monét's "Smoke" in 2022. "That's You" is a blistering torch song about gaining the world but losing love. A whirlwind of the typical excesses money can buy seems to get burned up at the end of the clip as Lucky pleads for true contentment that is not for sale.
