

DaM-Funk Reworks Music From Grand Theft Auto Online

California funk maestro D?M-Funk has retooled music from Rockstar Game's *Grand Theft Auto Online*. The new album features his versions of songs by Show Me The Body, Take A Daytrip, HEALTH, Oh No, Nick Hook, James Curd, Holy Fuck, Rampa &ME, and some of his own original productions. D?M-Funk has worked with Rockstar Games in the past and is very excited about their latest project.

“With this new project, I am reimagining songs that have been featured in Grand Theft Auto Online over the years, and it has been so inspiring to work with different styles of music and trying different mixes. It has been a pleasure to work with Rockstar Games, from doing a song with E-40 and Ariel Pink for Welcome to Los Santos to having the instrumental version of my song “Hood Pass Intact” featured and working on the score for The Contract update for Grand Theft Auto Online featuring Dr. Dre. I’m celebrating 10 years of fun with Grand Theft Auto!”

The instrumental album comes after D?M-Funk’s contributions to *Grand Theft Auto V* and *Grand Theft Auto Online* soundtracks. *D?M-Funk Presents The Music of Grand Theft Auto Online Original Score* is streaming now. The music will also be available as a collectible USB on the 18th, unlocking a DJ mix when found in the game.
