

# Shabazz Palaces Share Angela Feat. Stas THEE Boss & Irene Barber

Shabazz Palaces starts 2024 with “Angela” featuring Stas THEE Boss and Irene Barber. The foggy funk moves like a dispatch sent from some otherworldly military. Springy synthesized basslines fill the air as Stas and Barber riff and rap on the track. A foreign crime report comes through the song’s middle

and is the last bit of information about “Angela.” The single will be on Shabazz Palaces’s *Exotic Birds Of Prey* album and will be coming out on March 29th. The album announcement is a surprise because Robed In Rareness was released in the fall of 2023. Vinyl versions of both albums can be [pre-ordered](#). Catch Shabazz Palaces on [tour](#).
