

Amaria Introduces Free Fallin' Debut With Finer Things Single

Singer-songwriter and producer Amaria shares “Finer Things” from her debut album, *Free Fallin.* The Tampa, Florida native

has the '90s stamped all over her sound with breathy and measured notes suggestive of Aaliyah's low-key swag. Since her emergence with the single "Morning" in 2020, she has released the *Bittersweet* EP in 2021 and the *All For You* EP in 2022. Amaria describes *Free Fallin'* in a press release: "The main theme of the album, represented by the name, is the idea of going through different life experiences with no safety net. Letting life take you whichever way it wants—essentially 'free falling.'" Previously released singles, "Beggin" and "Back To Me" are included on *Free Fallin'*'s tracklisting. Watch the video for "Finer Things" and look for *Free Fallin'* to drop on October 11.
