

# Watch: Amaria's Video For Dream Of You

Amaria makes sure to deliver something for summer playlists before the season is over with "Dream Of You." The soft-spoken chanteuse expresses her feelings with classic grooves in the vein of '90s soul. She also lent her voice to Solomon Fox's ["Fallin Back,"](#) and both songs are her latest, as it was almost a year ago when she released her third album, *Free Fallin*.
