

DJ Strong/Burnz – Burnin Season Vol. 1 CD Free Download

Phoenix, Ariz. –After catching the industry’s attention last year with his mixtape features, and his street singles “On Da Block” and “Clap Back,” Burnz’s (aka The Arizona Kid) teamed up with Calif.’s own mix-master, DJ Strong and finally serves the industry with his debut mix-album, Burnin’ Season Vol. 1.

While Arizona has introduced up-and-coming signed artists such as Juice (Black Wall Street), Hot Rod (G-Unit), and Willy North Pole (DTP), Burnz is set to show the world why the Zone (AZ) saved one of the best for last. With features and production from last year’s One Stop Shop Producers Conference semi-finalist, Mustafasbeats (50 Cent’s “Puppy Love”) Burnin’ Season is just a taste of what Burnz has to offer.

Known as one of the most influential players in the game from the West Coast, and for breaking new talent and pushing veteran talent such as, Perfecto, Ice Cube, Kartoon, Ashkon, Tristar, Kurupt, Dogg Pound, Crooked I, Game, Lil Eazy E, Slo Stallone, Y.A (Roscoe), and plenty of other gifted MCs, Strong adds another artist to the list; Burnz.

Burnz is currently an official representative for Bobby Fresh – one of the fastest growing urban clothing lines, and P’S&G’S (www.psandgs.com), and can be heard on SIRIUS satellite radio on Friday nights (11pm-1am PST) on DJ Strong’s new radio show Palm Trees and Gangstas.

Statement From HSAN On The Sean Bell Verdict

Statement from the Hip-Hop Summit Action Network President/CEO Dr. Benjamin Chavis:

The Hip-Hop Summit Action Network expressed today its profound dismay in the wake of the not guilty verdicts for the New York City police officers who were involved in the killing of Sean Bell. Hip-hop is an inclusive cultural phenomenon that represents the highest aspirations of all youth of the human family. The injustice that is so evident in the case of Sean Bell reminds us of the old America at a time when millions of young people are raising their voices and votes for a new America. Police brutality is not a new phenomenon, but unfortunately, the system of justice, particularly in New York City, appears to be incapable of rendering equal justice without the taint of racial bias and prejudice. The anger and disgust that the hip-hop community certainly feels today should not be permitted to develop into anything negative, as a response. Sean Bell's death will not be in vain, to the extent to which millions of youth work even harder to demand equal justice, and to fundamentally change the current system of injustice.
