Bone Crusher offers a quick look at his studio work on “Vibration” with Raheem DeVaughn and the story behind his new album *My Life*. He has numerous collaborators including Jill Scott, Marsha Ambrosius, Angie Stone, Pimp C and others. It seems that the intensity of “Never Scared” has been replaced with a carefree hip-hop/R&B sound.

Bone Crusher sounds more like a body soother on his new single “Vibration” that has guest vocals from Raheem DeVaughn. No word on a full-length release.
