

Candace Bellamy Debuts Her Bluesy Single Trigger

Candace Bellamy taps into the blues for her new single "Trigger." Bellamy is emerging with her debut album *Undone* after years of singing for fun. *Undone* will have the benefit of her collaborations with veteran songwriters Ruth Carter and Jake Langley. "Trigger" tells the story of a woman trying to resist an alluring man against a lazy tempo and lots of blues guitar. Bellamy's *Undone* will be available on May 5th.
