

Billy Porter Has New Single Love Yourself Produced By D. Smith

Broadway and television star Billy Porter has collaborated with producer D. Smith on a new song called "Love Yourself." Porter, who is one of the stars of FX's *Pose*, wanted to send a message to his community during Pride month.Â

"Iâ€™m thrilled to be spreading the message of self-love to my community whose humanity and worth have been up for legislation for way too long. On this 50th anniversary of Stonewall, Iâ€™m proud to unite with my LGBTQ brothers & sisters to remind the world that weâ€™re here and we ainâ€™t goinâ€™ nowhere. Love always wins!"

Grammy-winning transgender producer D. Smith is known for her appearances on *Love & Hip Hop Atlanta* and working on Lil Wayne's *Tha Carter III* and many others including Andre 3000, Janelle MonÃe and Keri Hilson.Â

Porter is co-hosting the telecast of New York City's Pride march on ABC and will be one of the Grand Marshalls with his *Pose* co-stars.Â
