[youtube id="DWZb3RBYZs8"]

Homeboy Sandman gets away and goes to the beach in this visual for "Refugee" from *Hallways*. Lyrically he has declined an opportunity with Univision because "Univision is a racist institution that needs to be called 'White Looking Latin People Only.'" He is also sick of the stereotype that Black rappers must all come from the ghetto and he doesn't understand Los Angeles gang violence. And those are only a few of his concerns described in the lyrics to "Refugee." Homeboy Sandman is going on tour in October and [Hallways](#) is out now.
