

Eric Benét & India.Arie Declare It Must Be Love

Eric Benét's video for "Must Be Love" with India.Arie feels like a close affair even though they were obviously apart when they filmed it. The strength of the song can't be hindered by a pandemic-styled video. "It Must Be Love" is on Benét's ninth album, *The Co-Star*. The album of collaborations with all women came out during the summer. The project is a full-length version of his *Duets* EP released last year.
