

Jachary Shares Debut Album There's A Virus Going On

Jachary's debut album, *There's A Virus Going On* is out now. The title is an obvious reference to Sly And The Family Stone's *There's A Riot Goin' On*. Jachary is a Brooklyn based singer and songwriter and Zack Levine-Caleb is the producer of the two-person group. Jachary, who is originally from Boston, played most of the instruments, produced and provided all the vocals for the eight-song album. Jachary's appreciation for electronic music, rock and R&B live within a funk foundation.
