Watch The Throne went to the Victoria’s Secret Fashion Show and here is “Ni**gas In Paris” live. It’s kind of funny to see the fashion-loving crowd rejoice at a song about a Black male underclass becoming the 1 percent and partying like “Ni**gas In Paris.”

Some people are really upset that Kanye West wore a kilt-like

fashion accessory during his performance in Atlanta last night. According to RapDose they performed “Niggas In Paris” three times. In the second clip Jay-Z performs “Where Iâ€™m From” & “Jigga What, Jigga Who” and Kanye West does “Canâ€™t Tell Me Nothing” and “Jesus Walks.”
