

JeRonelle Is Vulnerable On New EP

JeRonelle was first introduced to the public when he appeared on the second season of *The Four: Battle For Stardom*. Since then he has been sharpening his stage presence by opening for people like Khalid and Common. *Vulnerable* is a five-song EP of love songs and uptempo R&B. The music is driven by the story of a young man who falls so deeply in love he loses his self-worth.
